Since the offering price of 2.85 Baht is higher than 90 percent of the weighted average price which is the share price trading on The Stock Exchange of Thailand for not less than 7 consecutive trading days but not exceeding 15 consecutive trading days prior to the first day of payment between January 11-13, 2017, it is not the transaction that the offering price is lower than 90 percent of the market price according to the notification of The Stock Exchange of Thailand. Thus, there is no silent period.

Nevertheless, the Company specified six months of lock up period from the day when shares for capital increase was traded on the Stock Exchange of Thailand. This condition is above regulatory requirement of The Stock Exchange of Thailand.

Please be informed accordingly.

Yours sincerely,

(Mr. Sang Do Lee)
Chief Executive Officer
